'I'm sorry,' he said, with enough dignity that Hemlock glanced up at him, fighting against them, and at last crying out one other word. Then the man Ayeth crouched there. 'Has it come to this,' the Namer said, 'that we stand at the edge of the forest Segoy planted and.' 'Oh, are you a teller? Oh, why didn't you say so to begin with! Is that what you are then? I honor. Power of birth and power of money were contingent, and must be earned lest they be lost.' 'What brought you here, Azver?' the Namer asked. 'I've often thought of asking you. A long, long. Just as before, Crow was sitting on the coping, bored and restless. 'In my judgment, you do,' he said. 'Medra,' she said. Her sore mouth could not speak clearly. He knelt down and took her hands, looking into her face. morning sunlight; along an alley, among trees with pale pink leaves, walked three youths in shirts. Their popularity ran ahead of them. He was fortunate in having met a farm heifer, not one of the roaming cattle who would only have led him deeper into the marshes. His Ulla was given to jumping fences, but after she had wandered a while she would begin to have fond thoughts of the cow barn and the mother from whom she still stole a mouthful of milk sometimes; and now she willingly took the traveler home. She walked, slow but purposeful, down one of the tracks, and he went with her, a hand on her hip when the way was wide enough. When she waded a knee-deep stream, he held on to her tail. She scrambled up the low, muddy bank and flicked her tail loose, but she waited for him to scramble even more awkwardly after her. Then she plodded gently on. He pressed against her flank and clung to her, for the stream had chilled him to the bone, and he was shivering. dandelions made of needle-signal lights, momentary suns and hemorrhages of advertising. He tried to remember how to make light. Anieb said to him, plaintively, 'Can't you make the light?' But he could not. It was a different matter from what he had believed. 'Anieb,' he said. guess, foretell, fear, hope, but I didn't know. He slept there, on the ground. At sunrise he got up and walked by the high road over to Re Albi. He did not go into the village, but past it to the little house that stood alone to the north at the beginning of the Overfell. The door of the house stood open. The evil reputation magic had gained during the Dark Time, however, continued to cling to many of the practices of sorcerers and witches. Women's powers were particularly distrusted and maligned, the more so as they were conflated with the Old Powers. 'But. . .' The Changer paused. The Years of the Kings of Havnor were a period of prosperity, discovery, and strength, but in the last century of the period, assaults from the Kargs in the east and the dragons in the west became frequent and fierce. 'Oh, this won't do,' Crow said. He said nothing. In fact he was at a loss. If he had known it would be this easy, he could have had her name and with it the power to make her do whatever he wanted, days ago, weeks ago, with a mere pretence at this crazy scheme - without giving up his salary and his precarious respectability, without this sea voyage, without having to go all the way to Roke for it! For he saw the whole plan now was folly. There was no way he could disguise her that would fool the Doorkeeper for a moment. All his notions of humiliating the Masters as they had humiliated him were moonshine. Obsessed with tricking the girl, he had fallen into the trap he laid for her. Bitterly he recognized that he was always believing his own lies, caught in nets he had elaborately woven. Having made a fool of himself on Roke, he had come back to do it all over again. A great, desolate anger swelled up in him. There was no good, no good in anything. 'I'm no good there, you see,

Rivers and streams cut their way seaward through that high plain, winding and pooling, spreading and wandering, making a marsh of it, a big, desolate, waterland with a far horizon, few trees, not many people.
