

CONCORDANCE TO FITZGERALDS TRANSLATION OF THE RUB IY T OF OMAR KHAYY

He thought he caught a whiff of fox from the little orchard behind the house..quietly to him and let him go. Irioth drew a deep breath.. "Ah," San said, coming to the door, and hemmed a bit. "No need, Master Otak. This here is Master Sunbright, come up to deal with the murrain. He's cured beasts for me before, the hoof rot and all. There was a very long pause..So the pattern of the years was set for Tern. In the late spring he would go out in Hopeful, seeking and finding people for the school on Roke-children and young people, mostly, who had a gift of magic, and sometimes grown men or women. Most of the children were poor, and though he took none against their will, their parents or masters seldom knew the truth: Tern was a fisherman wanting a boy to work on his boat, or a girl to train in the weaving sheds, or he was buying slaves for his lord on another island. If they sent a child with him to give it opportunity, or sold a child out of poverty to work for him, he paid them in true ivory; if they sold a child to him as a slave, he paid them in gold, and was gone by the next day, when the gold turned back into cow dung..Through love, respect, and trust, Dragonfly would never disregard a warning from Rose; but she was.She held up her first finger; raised the other fingers, and clenched them together into a fist; then slowly turned her wrist and opened her hand palm out, as if in offering. "They ought to, but they don't. I found that out. When I left the wizard, I thought I could be everything. You know -- do magic, play music, be Father's son, love Rose.... It doesn't work that way. Things don't mix."..When she said nothing, and some time had passed, he said, "In the shadow of these trees is no harm. Only truth."..He had no thought of hiding or protecting himself. Luckily for him there were no guards about; there were few guards, and they were not on the alert, since the wizard's spells had kept the prison shut. The spells were gone, but the people in the tower did not know it, working on under the greater spell of hopelessness..As he walked he thought; he thought hard; he recalled. He recalled all he could of matters his.He was so distraught that when he made up his mind to call Silence he could not think of the opening of the spell, which he had known for sixty years; then when he thought he had it, he began to speak a Summoning instead, and the spell had begun to work before he realised what he was doing and stopped and undid it word by word..He did as he often did, made a little design out of whatever lay to hand: on the bit of sand on the riverbank in front of him he set a leaf-stem, a grassblade, and several pebbles. He studied them and rearranged them. "Now I must speak of harm," he said..The great scholar-mage Ath compiled a lore-book that brought together much scattered knowledge..In the confusion of Otter's mind, he was only dimly aware that they were going now towards the entrance of the mine. They went underground. The passages of the mine were a dark maze like the wizard's words. Otter stumbled on, trying to understand. He saw the slave in the tower, the woman who had looked at him. But since he had been traveling about in Earthsea he had Golden's house, and a tent for the old folks to eat and drink and gossip in, and new clothes for face bowed down, and she thought how slight and light he looked, how quiet and sorrowful. There Under the huddle of the grey cloak his hands found only a huddle of clothes and dry bones and a along with him. He said, smiling and confidential, "I am one who shits moonlight. You will not. But after he had rested a couple of days, he asked her who the cattlemen of the village were, and Spring came late again that year, cold and stormy. Medra set to boat-building. By the time the peaches flowered, he had made a slender, sturdy deep-sea boat, built according to the style of Havnor. He called her Hopeful. Not long after that he sailed her out of Thwil Bay, taking no companion with him. "Look for me at the end of summer," he said to Ember..She was looking down at her hands, clasped now on her knees. In the faint reddish glow of the cabin lantern her lashes cast very delicate, long shadows on her cheeks. She looked up, straight at him. "My name is Irian," she said.."He won't be angry? They say wizards have short tempers. Full of pride." Women who work magic may practice periods of celibacy as well as fasting and other disciplines. He had never told Ogion anything about his first teacher, a sorcerer of no fame, even in Gont, and perhaps of ill fame. There was some mystery or shame connected with Ard. The illusion and the shape-change were all the tricks he had to play. If he. The daughter of "the wise king Thoreg" rescued Erreth-Akbe from this trance or imprisoning spell and restored him his strength. He gave her the half of the Ring of Peace that remained to him. (From her it passed through her descendants for over five hundred years to the last heirs of Thoreg, a brother and sister exiled on a deserted island of the East Reach; and the sister gave it to Ged.) Intathin kept the other half of the broken Ring, and it "went into the dark"-that is, into the Great Treasury of the Tombs of Atuan. (There Ged found it, and rejoining the two halves and with them the lost Rune of Peace, he and Tenar brought the Ring home to Havnor.) The history of the Fourteen Kings of Havnor (actually six kings and eight queens, ~150-400) is. They jolted on all the next day through a summer thundershower or two and came at dusk to Kembermouth, a walled, prosperous port city. They left the carter to his master's business and walked down to find an inn near the docks. Dragonfly looked about at the sights of the city in a silence that might have been awe or disapproval or mere stolidity. For the rest of his life, Medra kept the doors of the Great House on Roke. The garden door that opened out upon the Knoll was long called Medra's Gate, even after much else had changed in that house as the centuries passed through it. And still the ninth Master of Roke is the Doorkeeper..I had thought, upon entering, that the wall opposite the door was of glass, and that through
