

A MANUAL OF THE LITANY WITH QUESTIONS FOR EXAMINATION

In southern California, Agnes Lampion dreams of her newborn son. In Oregon, Junior Cain fearfully speaks a name in his sleep, and Detective Vanadium, waiting to tell the suspect about his dead wife's diary, leans forward in his chair to listen, while ceaselessly- turning a quarter across the thick knuckles of his right hand..He gently drew the covers over his wife's ruined body, to her thin shoulders, but arranged her right arm on top of the blankets. He straightened and smoothed the folded-back flap of the top sheet..And God has four hundred billion billion fingers, and He plays a really hot version of "Hawaiian Holiday..Caution discarded, Junior went inside, for the same reason that a dedicated opera aesthete might once a decade attend a country-music concert: to confirm the superiority of his taste and to be amused by what passed for music among the great unwashed. Some might call it slumming..The artist, six feet four and two hundred fifty pounds, looked markedly more dangerous in person than in his scary publicity photo. Still in his twenties, he had white hair that fell limp and straight to his shoulders. Dead-white skin. His deep-set eyes, as silver-gray as rain with an albino-pink undertone, had a predatory glint as chilling as that in the eyes of a panther. Terrible scars slashed his face, and red hash marks covered his big hands, as though he'd frequently defended himself barehanded against men armed with swords..Nothing he could do about it now. Having Naomi's body moved to another grave, in a cemetery without Negroes, would cause a lot of talk. He didn't want to draw more attention to himself..Now, here on this sunny ridge in Oregon, miles from any train and farther still from any nuns, Junior applied this artistic insight to his own situation, overcame his squeamishness, and regained some momentum of his own. He approached his fallen wife, stood over her, and stared down into her fixed eyes as he said, "Naomi'".Instruction in Braille wasn't recommended for three-year-olds, but an exception was made in this case. Agnes arranged to have Barty receive a series of lessons, although she suspected that he'd absorb the system and learn to use it in one or two sessions..Uncle Jacob, cook and baby-sitter and connoisseur of watery death, cleaned off the table and washed the dishes while Barty patiently endured a rambling postbreakfast conversation with Pixie Lee and with Miss Velveeta Cheese, whose name wasn't an honorary tide earned by winning a beauty contest sponsored by Kraft Foods, as he had first thought, but who, according to Angel, was the "good" sister to the rotten lying cheese man in the television commercials..Neither Agnes nor Edom knew of Jacob's great skill with cards. He had been discreet about his apprenticeship with Obadiah, and for almost twenty years, he'd resisted the urge to dazzle his siblings with his expertise..Mustering all her hostess skills, Agnes gradually turned the conversation from disastrous explosions to Fourth of July fireworks, and then to reminiscences of summer evenings when she, Joey, Edom, and Jacob..More likely than not, this was a lie, and the detective was, setting him up. Suddenly Junior wished that he had denied dreaming..Serving a formal dinner was Agnes's way of declaring-to herself more than to anyone else in attendance-that the time had come for her to get on with life for Bartholomew's sake, but also for her own..The forger's crossed eyes glowed with reflected light from the screen. He licked his rubbery lips, and his prominent Adam's apple bobbed: "Like to drain my pipes in that Faye Dunaway, huh?".The first time, she required a pencil, paper, and nine minutes to calculate the number of elapsed seconds since an event that had occurred 125 years, six months, and eight days in the past. Her answer differed from his, but while proofing her numbers, she realized that she had forgotten to factor in leap years..All the way back to the ridge, sitting up front beside a county deputy in a police cruiser, with an ambulance and other patrol cars racing close behind them, Junior had shaken uncontrollably. When he tried to respond to the officer's questions, his uncharacteristically thin voice cracked more often than not, and he was able to croak only, "Jesus, dear Jesus," over and over..That Olympian purge had, however, made him appear to be both emotionally and physically devastated by the loss of his wife. He couldn't have calculated any stratagem more likely to convince most."Yes. In syrup form. It's a good item for your home medicine chest, in case your child ever swallows poison and you need to purge it from him quickly.".She said, "Honey, what I'm wondering is ... could you walk where you don't have bad eyes, like you walked where the rain wasn't ... and leave the tumors in that other place? Could you walk where you have good eyes and come back with them?".he had sat here with a pencil, making shopping lists. Now, instead of a pencil, there was the Italian-made .22 pistol..In her arms, little Barty burbled contentedly, unaware that his destiny supposedly included epic love, fabulous riches, and violence..Finding nothing more of interest in the study, he considered searching the rest of the house..Evidently, Jacob had made a quick trip to his apartment over the garage and, with no thought for mice and dust, had not closed the back door. Junior said, "You've caused me a lot of trouble, you know." He'd been building a beautiful rage all night, thinking about what he'd been through because of the girl's temptress mother, whom he saw so clearly in this pint-size bitch. "So much trouble..".He capped the bottle, pocketed it, and then kicked the dead man, kicked him again, and spat on him..Tom Vanadium's uninflected but curiously hypnotic voice, his pensive manner, his gray eyes so beautiful in that fractured face, his air of measured melancholy, and his evident intelligence gave him a presence that was simultaneously as solid as a great mass of granite and yet otherworldly..Inevitably, man of the arts that he was, his slouching brought him to several galleries. In the window of the fourth, not one of his favorite establishments, he saw an eight-by-ten photograph of Seraphim White.. "Now you don't have to worry," Angel said, "about what happens to him if ever you're gone, Aunt Aggie. If he can do this, he can do anything, and you can rest easy..".RED SKY IN THE morning, sailors take warning; red sky at night, sailors delight.. "More than remorse," the magician said. "Shame. I come from good people. I wasn't raised to be a cheat. Sometimes, trying to figure how I went wrong, I think it wasn't the need for money that ruined me. At least not that alone, not even that primarily. It was pride in my skill with the cards, frustrated pride because I wasn't getting enough nightclub work to show off as much as I wanted to..".He had the capacity to be exceptional at anything to which he applied himself. Bob Chicane

had been right about that: Junior was far more intense than other men, possessed of greater gifts and the energy to use them..While you're trying to decide, hand me a knife, and I'll cut your jugular you brainless medical-school dropout..Recalling how the title of the exhibition had resonated with him when first he'd seen the gallery, brochure, Junior felt certain now that a tape-recorded early draft of this sermon was the kinky "music" that accompanied his evening of passion with Seraphim. He couldn't remember one word of it, let alone any element that would have deeply moved a national radio audience, but this didn't mean that he was shallow or incapable of being touched by philosophical speculations. He'd been so distracted by the erotic perfection of Seraphim's young body and so busy jumping her that he wouldn't have remembered a word, either, if Zedd himself had been sitting on the bed, discussing the human condition with his customary brilliance..Worse than the tenderness in the bones, the bleeding gums, the headaches, the ugly bruises, worse than the anemia-related weariness and the spells of breathlessness, was the suffering that her battle caused to those whom she loved. More frequently as the days passed, they were unable to conceal their worry and their sorrow. She held their hands when they trembled. She asked them to pray with her when they expressed anger that this should happen to her-of all people, to her, and she wouldn't let them go until the anger was gone. More than once, she pulled sweet Angel into her lap, stroked her hair, and soothed her with talk of all the good times shared in better days. And always Barty, watching over her in his blindness, aware that she would not be dying in all the places where she was, but taking no consolation from the fact that she would continue to exist in other worlds where he could never again be at her side..Indeed, as Celestina and the kid reached the foot of the steps to this second house, Bartholomew pointed, and the woman turned to look back. She appeared to stare straight at the Mercedes, though the fog made it impossible for Junior to be sure..AFTER SPENDING Wednesday as a tourist, Junior began to look for a suitable apartment on Thursday. In spite of his new wealth, he did not intend to pay hotel-room rates for an extended period..This wasn't thrill killing-which, now that he'd had time to think about it, he realized was beneath him, even if in the service of personal growth. This would be murder for good, justifiable cause..When he heard the snick of the lock being disengaged, he rammed into the men's room..She had expected horror, although perhaps not a horror quite as stark as this, and she had also expected to be crushed by it, destroyed, because although she was able to survive any misery that might be visited upon her, she didn't think that she possessed the fortitude to endure the suffering of her innocent child. Yet she listened, and she received the terrible burden of the news, and her bones did not at once turn to dust, though unfeeling dust was what she now preferred to be..Perhaps these two months of frustration had brought him to this: hair-trigger nerves, fevered imagination, and anticipation distilled into dread..He knocked the pepper shaker on its side, and then with a groan put it upright once more..And like John Kennedy's death, Zedd's passing was cloaked in mystery, inspiring widespread suspicion of conspiracy. Only a few believed that he had committed suicide, and Junior was certainly not one of those gullible fools. Caesar Zedd, author of *You Have a Right to Be Happy*, would never have blown his brains out with a shotgun, as the authorities preferred the public to believe..By dawn, when the intestinal paroxysms finally passed, this bold new man of adventure felt as flat and limp as road kill..Filled with the songs of swallows that evidently preferred these precincts to the more famous address of San Juan Capistrano, this mild March morning was perfect for pie deliveries. Agnes and Grace had produced a bakery's worth of glorious vanilla-almond pies and coffee toffee pies.. "Pie, pie, pie, pie, pie, pie, pie, pie," Barty repeated in the same tone of self-satisfied delight that he used when announcing "Barty potty."..Paul Damascus remained busy, filling prescriptions, until he was finally able to take a lunch break at two-thirty..Switching on the windshield wipers, Joey said, "That's the first time I've ever heard you admit that either of your brothers is odd."..As the nurse gave Junior the injection, Parkhurst said, "You're an exceptionally sensitive man, Enoch. That's a quality to be much admired in an often unfeeling world. But in your current condition, your sensitivity is your worst enemy."..He did not answer Hound's question..use it. The cop was no threat to the English army, as Joan had been, but as far as Junior was concerned, the creep most definitely deserved to be burned at the stake..Occasionally, when Junior returned home from a day of gallery hopping or an evening at a restaurant, Industrial Woman-the artist's title-scared away his mellow mood. More than once, he'd cried out in alarm before realizing this was just his prized Poriferan..Copyright (c) 1997 by Ursula K. Le Guin..It could only be made better by the presence of her parents. They had planned to fly down to San Francisco this morning, but late yesterday, a parishioner and close friend had died. A minister and his wife sometimes had duties to the flock that superseded all else..He hadn't intended to enter the gallery. No one in his usual circles would attend this show, unless in such a state of chemically altered consciousness that they wouldn't be able to recall the event in the morning, so he wasn't likely to be recognized or remembered. Yet it seemed unwise to risk being identified as a reception attendee if Celestina White's little Bartholomew and maybe the artist herself were murdered later. The police, in their customary paranoia, might suspect a link between this affair and the killings, which would motivate them to seek out and..EVERY MOTHER BELIEVES that her baby is breathtakingly beautiful. She will remain unshakably convinced of this even if she lives to be a centenarian and her child has been harrowed by eight hard decades of gravity and experience..Once satiated, what she desired was a reason to deceive herself into believing that she was not a slut, that she was a victim. She didn't really want to tell anyone what he had done to her. Instead, she was asking him, indirectly but indisputably, to provide her with an excuse to keep their passionate encounter secret, an excuse that would also allow her to continue to pretend that she had not begged for everything he'd done to her..The minister's threat had been forgotten, repressed. At the time, only half--heard, merely kinky background to lovemaking, these words had amused Junior, and he'd given no serious thought to their meaning, to the message of retribution contained in them. Now, in this moment of extreme danger, the inflamed boil of repressed memory burst under pressure, and Junior was shocked, stunned, to realize that the minister had put a curse on him!..Agnes delighted in their conversations. Barty was far ahead of the language

learning curve for his age, but he was still a child, and his observations were filled with innocence and charm. "You mean your cold is like in your nose but not in your feet?" He had sworn this vow before. An argument could be made that he had broken it. "Maria brought that from Mexico," Barty said. "She thought it was pretty funny. So do I. It's a hoot. Mom says it isn't really blasphemous, because it wasn't meant to be by the people who made it, and because Jesus would want you to have cookies, and, besides, it reminds us to be thankful for all the good things we get." The two men introduced themselves. The physician was Dr. Jim Parkhurst. His manner was easy and affable, and his soothing voice, either by nature or by calculation, was as healing as balm. He had been surprised to learn her age. She didn't appear to be that old. Thirty or not, Victoria was unusually attractive. Wally and Celestina went to dinner at the Armenian restaurant from which he'd gotten takeout on the day in '65 that he rescued her and Angel from Neddy Gnathic. Red tablecloths, white dishes, dark wood paneling, a cluster of candles in red glasses on each table, air redolent of garlic and roasted peppers and cubeb and sizzling soujouk-plus a personable staff, largely of the owners' family-created an atmosphere as right for celebration as for intimate conversation, and Celestina expected to enjoy both, because this promised to be a most momentous day in more ways than one. Neddy talked when Celestina paused for breath, talked over her when she didn't pause, heard only his own mellifluous voice and was pleased to conduct both sides of the conversation, wearing her down as surely as though far more rapidly than the sand-filled winds of Egypt diminished the pharaohs' pyramids. He talked through the first polite "Excuse me" of the tall man who stepped into the open doorway behind him, through the second and third, and then with an abruptness that was as miraculous as any cure at the shrine of Lourdes, he fell silent when the visitor put a hand on his shoulder, eased him gently aside, and entered the apartment. Lined up on the kitchen table were green-grape-and-apple pies. The thick domed crusts, with their deeply fluted edges, were the coppery gold of precious coins. Recuperating, he had plenty of time to practice meditation. He became so proficient at focusing on the imaginary bowling pin that he could make himself oblivious of all else. A stridently ringing phone wouldn't penetrate his trance. Even Bob Chicane, Junior's instructor, who knew all the tricks, could not make his voice heard when Junior was at one with the pin. Junior spoke the three words aloud and felt a strange resonance between them and his dim memories of Reverend White's voice on that long-ago night. Yet the link, if any actually existed, remained elusive. Everything was proceeding precisely as Junior had envisioned in the instant when Naomi had first discovered the rotten section of railing and had nearly fallen without assistance. The entire plan had come to him, wholly formed, in a blink, and during the following two circuits of the observation deck, he had mulled it over, seeking flaws but finding none. Agnes's suspicion that Barty would be a child prodigy had grown from seed to full fruit on the morning of the boy's first birthday, when he'd sat in his highchair, counting green-grape-and-apple pies. Through the following two years, ample proof of high intelligence and wondrous talents ripened Agnes's suspicion into conviction. The Hackachaks had arrived post-grief, brought to the hospital by the news that Junior had expressed distaste at the prospect of profiting from his wife's tragic fall. They knew he had turned away Knacker, Hisscus and Nork. Dressed entirely in a shade of pink that darkened to rouge when wet, Angel squealed and deserted Barty. Spotted-streaked-splashed, with false tears on her cheeks, with a darkly glimmering crown of rain jewels in her hair, she raced up the steps as though she were a princess abandoned by her coachman, and allowed herself to be scooped into her grandmother's arms. "Good heavens, Vinnie, I know that," she assured him as she lifted Barty-hardly bigger than a bag of sugar-from the bassinet. She settled with the baby into a rocking chair. This wasn't art. This was pandering, mere illustration, more suitable for painting on velvet than on canvas. He had noted all seven names on the bassinets, but he read them again. He sensed in their names-or in one of their names-the explanation for his seemingly mad perception of a looming threat. Without sigh or complaint, he would walk back to her with the purse. The errand was no trouble. In fact, returning the purse would give him a chance to get another good-night kiss. They were childless. It had to be that way. Truthfully, Paul felt no regrets about missing out on fatherhood. Because they were a family of two, they were closer than they might have been if fate had made children possible, and he treasured their relationship. "Maybe." In truth, Tom didn't believe that any of this could be learned even by one adept taking instruction from another adept. They were born with the same special perception, but with different and strictly limited abilities to interact with the multiplicity of worlds that they could detect. He wasn't able to explain even to himself how he could send a coin or other small object Elsewhere; it was something he just felt, and each time that the coin vanished, the authenticity of the feeling was proved. He suspected that when Barty walked where the rain wasn't, the boy employed no conscious techniques; he simply decided to walk in a dry world while otherwise remaining in this wet one-and then he did. Woefully incomplete wizards, sorcerers with just a trick or two each, they had no secret tome of enchantments and spells to teach to an apprentice. Aside from purchasing the T S. Eliot book, which he hadn't found time to read, Junior was only peripherally aware of current events, because they were, after all, current, while he tried always to focus on the future. The news of the day was but a faint background music to him, like a song on a radio in another apartment. Between new women and needlepoint pillows, he participated in s?ances, attended lectures given by ghost hunters, visited haunted houses, and read more strange books. He even sat for the camera of a famous medium whose photographs sometimes revealed the auras of benign or malevolent presences hovering in the vicinity of her subject, though in his case she could discern no telltale sign of a spirit. In his room, he settled on the bed with his constipating snacks and the county telephone book. Because he had packed the directory with the Zedd collection, the thief hadn't gotten it. He tucked his left arm tight against his side and threw himself against the door. The obstructing furniture was heavy, but it moved an inch. If it would give one inch, it would give two, so it wasn't immovable, and he was already as good as in there. Barty's reading and writing skills appeared to be related to his talent for math, as well. To him, language was first phonics, a sort of music that symbolized objects and ideas, and this music was then translated into written "syllables

using the alphabet-which he saw as a system of math employing twenty-six digits instead of ten..She wanted so badly to believe, to see her son made whole again, and the funny thing was that she could believe, and without emotional risk, because it was true..As though Amelia Earhart, the long-lost aviatrix, had reached out of her twilight zone and snared the two bits, no tumbling coin glinted in the air above the desk.."I find you more than adequate in all ways that count. Besides, Joey was a generous and good lover. What he taught me, I can share." She smiled. "You'll find that I'm a darn good teacher, and I sense in you a star pupil."Frustrated again, she said simply, "Whenever Edom and Jacob talk about these things, I want you to be sure always to keep in mind that life's about living and being happy, not about dying."The gas oven might blow up in his face, at last bringing him peace, but if it didn't, he would at least have cookies for Agnes..From Joey's closet, she extracted an old blue blazer that he seldom wore anymore. The lining was sagging, worn..After wiping her floury hands, Agnes took the book from him and, examining it, could find nothing wrong. She flipped back a few pages, then a few forward, but the lines of type were crisp and clear. "Show me where, honey."Junior Cain definitely was not a crazed sex-killer, not driven to homicide by weird lusts beyond his control. A single night of sex and death-an indulgence never to be repeated-wouldn't require serious self-examination or a reconsideration of his self-image.."The mass of these malignancies suggest they will soon spread-or have already spread-out of the eye to the orbit. There is no hope that radiation therapy will work in this instance, and no time to risk trying it even if there were hope. No time at all. No time. Dr. Schurr and I agree, to save Bartholomew's life, we must remove both eyes immediately."She didn't have an appetite, anyway. Joey was too much on her mind. The safe birth of a healthy child was a blessing, but it wasn't compensation for her loss. Although by nature resistant to depression, she now had a darkness in her heart that would not relent before a thousand dawns or ten thousand. If a mere nurse had insisted that she eat, Agnes would not have been persuaded, but she couldn't hold out against the insistent importuning of one special seamstress..This was not the time to ponder the nature of the relationship between the treacherous Miss Bressler and Vanadium. Junior had a bloody trail to cover, and precious time was ticking away..The syphilitic-monkey comparison struck Tom Vanadium as bizarre, but it turned out to be a sober judgment based on experience. In his fifties, Sparky had worked as the chief of maintenance at a medical-research laboratory, where-among other projects-monkeys had been intentionally infected with syphilis and then observed over their life span. In the terminal stages, some of the primates engaged in such out? behavior that they had prepared Sparky for his eventual encounter with Enoch Cain.."August, 1931. Along the Huang He River in China. Three million seven hundred thousand people died in a great flood," Edom said..The Bright Beach Library was open until nine on Friday evening. Arriving an hour before closing, they returned the Heinlein novels that Barty had already read and checked out the three that he wanted. In a spirit of optimism, they borrowed a fourth, Podkayne of Mars..Panic set in when he began to wonder if these intestinal spasms were going to prevent him from leaving Spruce Hills. In fact, what if they required hospitalization?.We know a dozen different Arthurs now, all of them true. The Shire changed irrevocably even in Bilbos lifetime. Don Quixote went riding out to Argentina and met Jorge Luis Borges there. Plus c'est la meme chose, plus fa change..But first, March 23: the bad date with Frieda Bliss, and what he discovered in his apartment when he came home that night..Among these people was an old man whom they called, among themselves, the Changer. He showed Otter a few spells of illusion; and when the boy was fifteen or so, the old man took him out into the fields by Serrenen to show him the one spell of true change he knew. "First let's see you turn that bush into the seeming of a tree," he said, and promptly Otter did so. Illusion came so easy to the boy that the old man took alarm. Otter had to beg and wheedle him for any further teaching and finally to promise him, swearing on his own true and secret name, that if he learned the Changer's great spell he would never use it but to save a life, his own or another's..The window gave way an instant before Celestina squeezed off the shot. The man dropped out of sight. She didn't know if she had scored a hit..Abruptly, without a cannonade of thunder, without artillery strikes of lightning, the storm broke. As loud as marching armies, rain tramped across the roof.
