Otter had never entered it nor seen Licky enter it. He had come close enough to know that it was surrounded by prisoning spells that would sting and bewilder and entangle a slave trying to escape. Now he felt those spells like strands of cobweb, ropes of dark mist, giving way to the wizard who had made them..He's so proud of it, his stupid domain, his stupid grandfather. I don't want it. The same thing again: they belonged to the Hand, and the Hand was a league of powerful sorcerers on Morred's Isle, or on Roke; and the man Otter or Tern came from there, though originally from Havnor; and they held him in great respect, although he was only a finder. The sister had vanished, perhaps gone with Otter to Endlane, where the mother lived. He barely escaped with his life. The Enemy pursued him from the east to the west of Enlad in a trail of ruin. On the Plains of Enlad, meeting the companions who had stayed loyal to him, most of them sailors who had brought their ships to Enlad to aid him, Morred turned and gave battle. The Enemy would not confront him directly, but sent Morred's own spell-bound warriors to fight him, and worse, sent sorceries that shriveled up the bodies of his men till they "living, seemed the black thirst-dead of the desert." Sea Otter sped south; they met summer squalls and choppy seas, but never a storm or a troublesome wind. They put off and took on cargo at ports on the north shore of O, at Ilien, Leng, Kamery, and O Port, and then headed west to carry the passengers to Roke. And facing the west Ivory felt a little hollow at the pit of his stomach, for he knew all too well how Roke was guarded. His hands were warm, and she felt so mortally cold that she came close up against him for the warmth of his body.
