The landlord had felt sorry for him, so sorry he'd broken a steadfast rule and refunded most of the month's rent Detweiler had paid hi advance. After all, he'd only been there three days. So sad about his back. Such a nice, gentle boy?a writer, you know..Colman followed his gaze. An armored VIP carrier bearing a general's insignia on its nose was angling toward them. Colman shifted his M32 to the other shoulder and straightened up to watch. Working with patching kits and lasers to cut the tough material, they had constructed a much smaller dome. They erected it on an outcropping of bare rock, rearranged the exhaust to prevent more condensation on the underside, and added more safety features. They now slept in a pressurized building inside the dome, and one of them stayed awake on watch at all times. In drills, they had come from a deep sleep to full pressure-integrity in thirty seconds. As you turn the knob with your thumb, the bright image races toward you, trees hurling themselves into red darkness and vanishing, then the houses in the compound, and now you see Bruce standing beside the corral, looking into his viewer, slowly turning. His back is to you; you know you are safe, and you sit up. A jay passes with a whirl of wings, settles on a branch. With your own eyes now you can see Bruce, only a dot of blue beyond the gray shake walls of the houses. In the viewer, he is turning toward you, and you duck again. Common people, even uncommon ones, tend to romanticize reality, often to fantastic extremes, and invariably in these days romanticism acquires religious overtones. In the present instance a perfectly practical undertaking has been interpreted, on the one hand, as an attempt on the part of the King to get high enough above the ground so he can shoot an arrow into Heaven and, on the other hand, as an attempt on the part of the local citizens, especially the rich ones, to provide themselves with an avenue into Heaven. The two interpretations have somehow intermingled and become one. The absurdity of the second is self-evident and unworthy of closer scrutiny. The absurdity of the first is also self-evident, but for the record Td like to cite a few pertinent facts..know?" .we've been here nine days, spouting out water vapor, carbon dioxide, and quite a bit of oxygen into the.sake." .Amos. "That means," said Lea, " I was put here to be the nearest and dearest friend to all those grim, grey people who cheat everybody they meet and who can enjoy nothing colorful in the world." "Okay, if you don't like people," she says slowly, obviously recalling details. "My pa didn't".He stopped at the clearing's edge, raised his head, and sniffed. The blue one was much larger than the gray one..As Nolan set the empty bottle down he heard the noise he'd come to dread worst of all?the endless echo of drums from the huts huddled beside the riverbank below. Miserable wretches were at it again. No wonder he had to drive them daily to fulfil the company's quota. The wonder was that they did anything at all after spending every night wailing to those damned drums..Darlene's eyes fluttered open; she'd heard..bread on the table and enough left over from his paycheck to have a couple of beers with the boys. The co-op teacher monitors your studies, sometimes makes suggestions, but more and more, as you grow older, leaves you to your own devices. You are intensely interested in African prehistory, in the European theater, and in the ant-civilization of Epsilon Eridani IV. Soon you will have to choose..All but one, that is. She did not acknowledge it but plowed."Are you indeed?" asked Lea, smiling. "A piece of die mirror I am trapped in lies at the bottom of this pool. Once I myself dived from a rock into the blue ocean to retrieve the pearl of white fire I wear on my forehead now. The smoke was coming from the lab..Darlene hesitated. "Are you sure she knows what to do?" .Sirocco sighed. "I suppose I have to put it

"You noticed," she says softly. "You've got a hell of a way with understatement." "I can see I'll be drawing on your knowledge a lot in the years to come.
