Even half-price was half the cheese money, but they would have the luxury of a cabin, for Sea Otter was a decked, two-masted ship..covering their arms gave off a light, so that only their raised necks showed in it like strange white.flashed a sign: HERE HAHAHA. Who are you, Irian? he said to her, watching her crouched there like an animal."Tern," he said; and so he was called..She was looking down at her hands, clasped now on her knees. In the faint reddish glow of the cabin lantern her lashes cast very delicate, long shadows on her cheeks. She looked up, straight at him. Though they speak the True Speech, they are endlessly devious. Some of them clearly enjoy battles of wits with wizards, "splitting arguments with a forked tongue." Like human beings, all but the greatest of them conceal their true names. In the lay Hasa's Voyage, the dragons appear as formidable but feeling beings, whose anger at the invading human fleet is justified by their love of their own desolate domain.
