

THE DAY OF DAYS AN EXTRAVAGANZA

This philosophy had worked for him previously, but forgetting the aftermath was more difficult when the aftermath was your own poor, torn, severed toe. Your own poor, torn, severed toe was infinitely more difficult to ignore than a busload of dead nuns..Leaving Spruce Hills, Junior thought he was putting distance between himself and his enigmatic enemy, gaining time to study the county phone directory and to plan his continuing search if that avenue of investigation brought him no success. Instead, he had walked right into his adversary's lair..The fact that Barty saw twisty spots with either eye closed had prepared Agnes for this bleak news. Yet in spite of the defense that foreknowledge provided her, the teeth of sorrow bit deep..A nurse in surgical greens appeared. "Pull up the sleeves of your scrub nearly to your elbows. Scrub hard. I'll tell you when to stop." The cheerful tides of friends and neighbors, over the years, had washed away nearly all the stains that the dark rage of Agnes's father had impressed on these rooms. She hoped her brothers might eventually see that hatred and anger are only scars upon a beach, while love is the rolling surf that ceaselessly smooths the sand..Gifted with unusual powers of visual observation, the girl was quick to notice the slightest changes in her world. The sparkling engagement ring on Celestina's left hand had not escaped her notice..Hound smiled. "They haven't undone what you did yet, either," he said. "Old Whiteface was crawling all over her yesterday, growling and muttering. Ordered the helm replaced." He meant Losen's chief mage, a pale man from the North named Gelluk, who was much feared in Havnor..Serving a formal dinner was Agnes's way of declaring-to herself more than to anyone else in attendance-that the time had come for her to get on with life for Bartholomew's sake, but also for her own..Paul sat by himself, at the far end of the restaurant from them. He ordered orange juice and waffles..Koko skidded to a halt, perplexed, looked left, looked right, floppy ears lifted slightly to catch any sound of Mistress Mary..Eventually he found himself alone at the large viewing window of the neonatal-care unit. Seven newborns were in residence. Fixed to the foot of each of the seven bassinets was a placard on which was printed the name of the baby..With every step through the long night walk, Paul had considered what he would say, must say, if this encounter ever took place. Now all his practiced words deserted him..Junior was aware that all the cops were watching him as he stared down at the body, and he frantically tried to think what an innocent husband would be likely to do or say, but his imagination failed him. His thoughts could not be organized.."You can't take much of anything by mouth for a few hours yet," said the nurse. "Nausea is too great a risk. Retching might start you hemorrhaging again."..She was four years older than Phimie. They hadn't i;mn a great deal of each other during the past three years, since Celestina had come to San Francisco. Although distance and time, the press of her studies, and the busyness of daily life had not made her forget that she loved Phimie, she had forgotten the purity and the power of love. Rediscovering it now, she was shaken so badly that she had to pull a chair to the side of the bed and sit down..A calico cat appeared at Tom's side, running, pacing him. Cats were witches' familiars. Good luck or bad, this cat?.Junior didn't make the mistake of thinking that Magusson's new conciliatory attitude meant they were friends, that confidences could be shared or truths exchanged. The money-grubbing toad's only real friend would always be the one he saw in a mirror. If he discovered that Junior was having a great time post-Naomi, Magusson would store the information until he found a way to use it to his advantage..Barty rounded the tree and returned to the porch. He climbed the steps and stood before Tom..Still pretending sleep, Junior delighted in the realization that the detective himself had dragged a red herring across the trail and was now busily following this distracting scent..For a long time, she stood beside the bed, holding his hand, confident that on some level he was aware of her presence, though he gave no indication whatsoever that he knew she was there..Holding hands, Barty and Angel led the adults into the kitchen, to the back door. This procession had a ceremonial quality that intrigued Tom, and by the time they stepped onto the porch, he was impatient to know why everyone-except he and Wally-was emotionally airborne, one degree of altitude below euphoria..She lived with her parents then. They had converted the dining room to a bedroom for her..Now, the hateful music unnerved him. He became convinced that if he went home alone, the phantom chanteuse-whether Victoria Bressler's vengeful ghost or something else-would croon to him once more. He wanted company and distraction, after all..By lunch, he had turned the final page, and he was so full of the tale that he seemed to have no room for food. While his mother kept reminding him to eat, he regaled her with the details of John Thomas Stuart's great adventures with LummoX, as though every word that Heinlein had written were not science fiction, but truth..MONEY FOR THE DEAD. The decomposing flesh of a beloved wife and an unborn baby transmuted into a fortune was an achievement that put to shame the alchemists' dreams of turning lead to gold..After following the blacktop fifty feet, Junior headed downhill through the close-cropped grass, between the tombstones. He switched on his flashlight and trod cautiously, for the ground sloped unevenly and, in places, remained soggy and slippery from the rain..Of the three Bartholomews that he'd turned up recently, he chose Prosser because, burdened by the name Enoch, Junior felt sympathy for any girl whose parents had cursed her with Zelda..So. Two monks they were: one in the service of everlasting light, the other in the service of eternal darkness..Inevitably, man of the arts that he was, his slouching brought him to several galleries. In the window of the fourth, not one of his favorite establishments, he saw an eight-by-ten photograph of Seraphim White..Of course, Seraphim's child would not have a telephone. He was just a baby, dangerous to Junior in a way that was not clear, but a baby nonetheless..She said, "Honey, what I'm wondering is ... could you walk where you don't have bad eyes, like you walked where the rain wasn't ... and leave the tumors in that other place? Could you walk where you have good eyes and come back with them?".Already the fortune foretold, which she had strived to dismiss as a game with no consequences, was coming true..The dying-dove hands fluttered down Junior's arms, plucking feebly at his leather coat, and at last hung limp at Neddy's sides..Letting go of Maria, lowering her

hand to her heart, Agnes said, "I want to see him." After making the sign of the cross, Maria said, "They must to have kept him in the eggubator until he is not dangerous. When the nurse comes, I will make her to tell me when the baby is to be safe. But I can't be leave you. I watch. I watch over." Reading the dates on the headstone, he saw that the minister's daughter had died on the seventh of January, the day after Naomi had fallen from the fire tower. If ever asked, Junior would have no trouble accounting for his whereabouts on that day..Magusson considered the assaults on Victoria and on Vanadium to be hideous crimes, of course, but he also viewed them as affronts to his own dignity and reputation. He expected a felonious client, rewarded with four and a quarter million instead of jail time, to be grateful and thereafter to walk a straight line..Around the dinner table, the adults applauded, but the tougher audience squinted at the ceiling, toward which she believed the coin had arced, then at the table, where it ought to have fallen among the water glasses or in her creamed corn. At last she looked at Tom and said, "Not magic." One of his favorite gifts for Christmas 1967 was a twelve-hole chromatic harmonica with forty-eight reeds providing a full three-octave range. Even in his little hands, and with the limitations of his small mouth, this more sophisticated instrument enabled him to produce full-bodied versions of any song that appealed to him.. "Well, as years pass, they're going to be a financial burden, if nothing else, so I'm glad I've got a little surprise for you." Weird, this kid. Making him uneasy. All in white, with her incomprehensible yammering about talking books and talking dogs and her mother driving pies, and working on a damn strange drawing for a little girl..Think, think. A three-minute drive to the Lampion place. Maybe two minutes, running stop signs, cutting comers.. "Lock it anyway. And don't hang up. Stay on the line until the patrolmen get there." He had bribed a parking attendant to keep his Mercedes at the curb in a valet zone, in front of a nearby restaurant, so it would be instantly available when needed. He could also leave the car and follow Celestina on foot if she chose to stroll home from here..At worst, Vanadium might begin to wonder if Junior had a link to Seraphim, might uncover the physical-therapy connection, and in his paranoia, might erroneously conclude that Junior had something to do with her traffic accident. That was nuts, of course, but the detective was evidently not a rational man.. "And even in her dreams, you're determined to be there for her. There was a boogeyman, I have no doubt you would kick his hairy ass, and he wouldn't come around again, ever. So you just go in this gallery..He hit Celestina with the big question, the huge question, just as she paused in her babbling to suck in a deep breath, the better to spout even more nonsense, whereupon this panicky inhalation caught in her breast, caught so stubbornly that she was certain she would need the attention of paramedics to start breathing again, but then Wally popped open the box, revealing a lovely engagement ring, the sight of which made the trapped breath explode from her, and then she was breathing fine, although snuffling and crying and just generally a mess. "I love you, Wally." His severed toe lay across the room, on the white tile floor. It stuck up stiffly, nail gleaming, as if the floor were snow and the toe were the only exposed extremity of a body buried in a drift..Then by ambulance to the hospital, whisked into surgery, and for a while, blessed unconsciousness..Certain disbelief insulated her against immediate surprise. She shook her head. "That's not possible." A surprising number of the women who had been his lovers were recreational drug users, and over the past couple years, he had met several dealers who supplied them. From the least savory of these, he purchased five thousand dollars' worth of cocaine and LSD to establish his credibility, after which he inquired about forged documents..Frowning, Angel studied the tasty strip of meat pinched between her fingers, reevaluating everything she thought she knew about the source of bacon..As one of the two paramedics hurried to the ambulance van and scrambled into the driver's seat, Agnes suffered another contraction so severe that for a tremulous moment, at the peak of the agony, she almost lost consciousness..This galerieur was tall, with silver hair, chiseled features, and the all-knowing, imperious manner of a gynecologist to royalty. He wore a well-tailored gray suit, and his gold Rolex was the very watch that Wroth Griskin might have killed for in his salad days.. "It's easy to see you as a cop," Kathleen said. All the whacks, pops, and worm buckets just trip off your tongue, so to speak. But it takes some effort to remember you're a priest, too." Throughout lunch and, indeed, during his hours as an outpatient at the hospital, Barty gave no indication that he understood the gravity of his situation. He remained cheerful, charming the doctors and technicians with his sweet personality and precocious chatter..This was pathetic. Only thickheaded fools, unschooled and unworldly, would be shaken into confession by ham-handed tactics like these..He tried to lean back as he dropped, with the hope that he would fall under her, providing cushion if they met with sidewalk instead of lawn..Maria Elena Gonzalez, where no one lived with fear like her brothers Edom and Jacob..Everyone regarded him expectantly, as if there would be more magic, as if flipping a coin into another reality was something you saw every week or two on the Ed Sullivan Show, between the acrobats and the jugglers who could balance ten spinning plates on ten tall sticks simultaneously..One of the most unnerving aspects of life in southern California was that earthquake weather came in so many varieties. As many days as not, you got out of bed, checked the sky and the barometer, and realized with dismay that conditions were indicative of catastrophe..Slow deep breathing forgotten, gasping like a drowning swimmer, a sudden sweat dripping from his brow, Junior used one foot to prod the fallen man..He held forth the single red rose. "For you. Not that it compares. No flower could." "I was twenty-three. At St. Anselmo's I was the prefect of one dormitory floor. The floor on which all the murders occurred. After that ... I decided maybe I could better protect the innocent if I were a cop. For a while, the law gave me more to hold on to than faith did." This Monday morning in Oregon was bleak, with the swollen, dark bellies of rain clouds swagging low over the cemetery, a dreary send-off for Naomi, even though rain was not yet falling..Shortly after four o'clock, here was Neddy, already spiffed for work in black tuxedo, pleated white shirt, and black bow tie, with a red bud rose as a boutonniere, standing just inside the open door to Celestina White's studio apartment, holding forth in tedious detail as to the reasons why she was in flagrant breach of her lease and obligated to move by the end of the month. The issue was Angel, lone baby in an otherwise childless building: her crying (though she rarely cried),

her noisy play (though Angel wasn't yet strong enough to shake a rattle), and the potential she represented for damage to the premises (though she was not yet able to get out of a bassinet on her own, let alone go at the plaster with a ball-peen hammer)..Waste of time to check those places. More likely, woman and boy were hiding in the last room..Shaking with a fear that had nothing to do with Junior Cain and flying bullets, or even with memories of Josef Krepp and his vile necklace, Tom Vanadium closed the sketch pad and put it on the window seat. He opened the window, and in rushed the susurrant of breeze-stirred oak leaves..Junior was flattered, he really was. Women couldn't get enough of him. The story of his life. They never let go gracefully. He was wanted, needed, adored, worshiped. Women kept calling after they should have taken the hint and gone away, insisted on sending him notes and gifts even after he told them it was over. Junior wasn't surprised that women would return from the dead for him, nor was he surprised that women he'd killed would try to find a route back to him from Beyond, without malice, without vengeance in their hearts, merely yearning to be with him again, to hold him and to fulfill his needs. As gratified as he was by this tribute to his desirability, he simply didn't have any romantic feelings left for Naomi and Seraphim. They were the past, and he loathed the past, and if they wouldn't let him alone, he would never be able to live in the future..The patches were held by the same two elastic strips, so Barty flipped up both at the same time..Soon he dispensed with picture books and progressed to short novels for more accomplished readers, and then rapidly to books meant for young adults. Tom Swift adventures and Nancy Drew mysteries captivated him through the summer and early autumn..The ball of sodden Kleenex was gripped so tightly in Junior's left hand that had its carbon content been higher, it would have been compacted into a diamond. He saw Vanadium staring at his clenched fist and sharp white knuckles. He tried to ease up on the wad of Kleenex, but he wasn't able to relent..He did not answer Hound's question..He left the party and stood in the street for a while, taking slow deep breaths, letting the brisk night air clean the pot smoke out of his lungs, slow deep breaths, suddenly sober in spite of the beer he'd drunk, slow deep breaths, as chilled as a slab of beef in a meat locker, but not because of the cold night.. "Angel," Phimie said urgently, and then, with an effort that made a blood vessel swell..Dressed entirely in a shade of pink that darkened to rouge when wet, Angel squealed and deserted Barty. Spotted-streaked-splashed, with false tears on her cheeks, with a darkly glimmering crown of rain jewels in her hair, she raced up the steps as though she were a princess abandoned by her coachman, and allowed herself to be scooped into her grandmother's arms..In Room 724, standing alone at her sister's bedside, watching the girl sleep, Celestina told herself that she was coping well. She could handle this unnerving development without calling in either of her parents..A tune clinked off the keys of a phantom piano in Junior's mind, "Someone to Watch over Me." The hawk-eyed watcher was the pianist at the elegant hotel lounge where Junior had enjoyed dinner on his first night in San Francisco, and twice since..Neddy talked when Celestina paused for breath, talked over her when she didn't pause, heard only his own mellifluous voice and was pleased to conduct both sides of the conversation, wearing her down as surely as-though far more rapidly than-the sand-filled winds of Egypt diminished the pharaohs' pyramids. He talked through the first polite "Excuse me" of the tall man who stepped into the open doorway behind him, through the second and third, and then with an abruptness that was as miraculous as any cure at the shrine of Lourdes, he fell silent when the visitor put a hand on his shoulder, eased him gently aside, and entered the apartment..With the salt and pepper shakers, Tom walked them through the why-I'm-not-sad-about-my-face explanation that he'd given to Angel ten days previously.. "Who is this?" he demanded, although for a demand, the words came out too thin, too squeaky..Junior in the fog. Trying oh-so-hard to live in the future, where the winners live. But being relentlessly sucked back into the useless past by memory.. "Maybe he's a character I saw in a movie or read in a novel. I'm a member of the Book-of-the-Month Club. I'm always reading one thing or another. I don't remember a character named B-Bartholomew, but maybe I read the book years ago." His first year in San Francisco was an eventful one for the nation and the world. Winston Churchill, arguably the greatest man of the century thus far, died. The United States launched the first air strikes against North Vietnam, and Lyndon Johnson raised troop levels to 150,000 in that conflict. A Soviet cosmonaut was the first to take a space walk outside an orbiting craft. Race riots raged in Watts for five fiery days. The Voting Rights Act of 1965 was signed into law. Sandy Koufax, a Los Angeles Dodger, pitched a perfect game, in which no hitter reached first base. T. S. Eliot died, and Junior purchased one of the poet's works through the Book-of-the-Month Club. Other famous people passed away: Stan Laurel, Nat King Cole, Le Corbusier, Albert Schweitzer, Somerset Maugham.... Indira Gandhi became the first woman prime minister of India, and the Beatles' inexplicable and annoying success rolled on and on..Downstairs again, as Agnes reached the foot of the stairs, she began to worry that she had done too thorough a job on the khakis and that the extent of the damage would raise suspicions..Shortly past nine o'clock, an hour after Edom and Jacob had gone, Barty came downstairs, book in hand. "The twisties are back."..As instructed earlier by phone, Junior purchased a large box of Raisinettes and a box of Milk Duds at the refreshment stand, and then he sat in one of the last three rows in the center section, eating the Milk Duds, grimacing at the sticky noises his shoes made when he moved them on the tacky floor, and waiting for Google to find him.. "Really? You really think that?" he asked in his flat voice, which he sometimes wished were more musical, but which he knew lent a sober conviction to anything he said. "You think something so delicious could come from a fat, smelly, dirty, snorting old pig?".. "At home," Otter said. It wasn't a lie. He did have a pouch at home. He kept his fine-work tools and his bubble level in it. And he wasn't altogether lying about the wind. Several times he had managed to bring a bit of magewind into the sail of a boat, though he had no idea how to combat or control a storm, as a ship's weatherworker must do. But he thought he'd rather drown in a gale than be murdered in this hole..Chicane wasn't alone. Sparky Vox, the building superintendent, approached behind him and hovered. Seventy-two yet as spry as a monkey, Sparky didn't walk so much as scamper like a capuchin..The blue vault above, cloudless now, was the most threatening sky that Edom had ever seen. The air was

astonishingly dry so soon after a storm. And still. Hushed. Earthquake weather. Before this momentous day was done, great temblors and five-hundred-foot tidal waves would rock and swamp the coast..Grace dropped the phone. Harrison let the frosting knife slip out of his fingers..He hurt too much to recover quickly and take advantage of the woman's brief vulnerability. Clambering to his feet, he backed away from her and fumbled in a pocket for spare cartridges..Backing off, trying to feel his way to the foyer and front door, afraid that if he stumbled over a chair, she'd descend upon him like a screaming hawk upon a mouse, Junior denied her accusation. "You're crazy. How could I know? Look at you! How could I possibly know?".Otter's humble teachers had taught him pride. They had trained into him a deep contempt for wizards who worked for such men as Losen, letting fear or greed pervert magic to evil ends. Nothing, to his mind, could be more despicable than such a betrayal of their art. So it troubled him that he couldn't despise Hound..Rena laughed. "Oh, but true! And not just a garden. I'm a field of flowers!" She let go of her skirt, which shimmered like cascades of falling petals. "So tonight will be a famous night, Celestina.".The musician's bird-sharp gaze grew dull. His pink tongue protruded from his mouth, like a half-eaten worm..By invoking the word emergency, Celestina was able quickly to reach her own physician in San Francisco. He agreed to treat Phimie and to have her admitted to St. Mary's upon her arrival from Oregon..In his apartment once more, enjoying a cognac and a handful of pistachios as Monday changed to Tuesday, he decided that he should make 'preparations for the possibility that he might one day leave incriminating evidence in spite of his precautions. He ought to convert a portion of his assets into easily portable and anonymous wealth, like gold coins and diamonds. Establishing two or three alternate identities, with documentation, also would be wise..His mouth was dry when he said to Angel, "Well, it seems pretty magical to me-that flipped-coin trick.". "Worlds," ventured Jacob, "in which that oil-tank truck never stopped on the railroad tracks in Bakersfield, back in '60. So the train never crashed into it and those seventeen people never died.".Celestina was amazed by her own courage in combat and by the steady calm that served her so well now. She wasn't shaken by the thought of what might have happened to her, and to her daughter, because her mind and her heart were with Wally-and because, having been watered with hope all of her life, she had a deep reservoir on which to draw in a time of drought..By now, Junior realized that he had been locked in a meditative trance for at least eighteen hours. He had settled into the lotus position at five o'clock Monday afternoon-and Bob Chicane had shown up or their regular instruction session at eleven Tuesday morning..Junior realized that killing Renee this very night would be an unthinkable waste. Instead, he could marry her first, enjoy her for a while, and eventually arrange an accident or suicide that left him with all-or at least a significant portion of her assets..Surprised, Tom leaned in his chair to look more directly at the blind boy. On the telephone, Celestina had mentioned only that Barty was a prodigy, which didn't quite explain the aptness of the oak-tree metaphor..After arranging to have the gallery deliver his acquisition, Junior stopped in a nearby diner for lunch. The place specialized in superb heartland food: meat loaf, fried chicken, macaroni and cheese..Wishing he had left the gauze wrappings on his face, but afraid that the airwaves might already be carrying news of the bandaged man who had killed a minister in Spruce Hills, Junior abandoned the Dodge and hurriedly walked back to the private-service terminal, where the pilot from Sacramento waited. At the sight of his passenger, the pilot blanched and said, Allergic reaction to WHAT? And Junior said, Camellias, because Sacramento was the Camellia Capital of the World, and all that he wanted was to get back there, where he'd left his new Ford van and his Sklents and his Zedd collection and everything he needed to live in the future. The pilot couldn't conceal his intense revulsion, and Junior knew that he would have been stranded if he hadn't paid the round-trip charter fare in advance..Occasionally he woke in the night and heard himself murmuring the mantra aloud, which apparently he had been repeating ceaselessly in his sleep. "Find the father, kill the son." In April, Junior discovered three Bartholomews. Investigating these targets, prepared to commit homicide, he learned that none had a son named Bartholomew or had ever adopted a child..On that busy night, with Vanadium's corpse in the Studebaker and Victoria's cadaver awaiting a fiery disposal at her house, Junior was too distracted to recognize the pertinence of the message. Now it tormented him from a dark nook in his subconscious..The crazy bitch wielded it with such ferocity that the force of the impact with the floor, rebounding upon her, must have numbed her arms. She stumbled backward, dragging the chair, temporarily unable to lift it.
