

THE GARDEN OF ENID ADVENTURES OF A WEIRD MORMON GIRL PART TWO

I shook it "Bert Mallory." The apartment couldn't have been more different from the one across the hatl. It was comfortable and cluttered, and dominated by a drafting table surrounded by jars of brushes and boxes of paint tubes. Architecturally, however, it was almost identical. The terrace was covered with potted plants rather than naked muscles. David Fowler sat on the stool at the drafting table and began cleaning brushes. When he sat, the split in his shorts opened and exposed half his butt, which was also freckled. But I got the impression he wasn't exhibiting himself; he was just completely indifferent..attention. He was huddled on his back with his elbows propped up by the wall and the bed. His throat had been cut. The blood hadn't spread very far. Most of it had been soaked up by the threadbare carpet under the bed. I looked around the grubby little room but didn't find anything. There were no signs of a struggle, no signs of forced entry?but then, my BankAmericard hadn't left any signs either. The window was open, letting in the muffled roar of traffic on the Boulevard. New York Harbor, November 4, 1872? a cold, blustery day. A two-masted ship rides at anchor; on her stern is lettered: Mary Celeste. Smith advances the time control. A flicker of darkness, light again, and the ship is gone. He turns back again until he finds it standing out under light canvas past Sandy Hook. Manipulating time and space controls at once, he follows it eastward through a nickering of storm and sun? loses it, finds it again, counting days as he goes. The farther eastward, the more he has to tilt the device downward, while the image of the ship tilts correspondingly away from him. Because of the angle, he can no longer keep the ship in view from a distance but must track it closely. November 21 and 22, violent storms: the ship is dashed upward by waves, falls again, visible only
