She spun once more and finished in a deep curtsy, then straightened and began stripping off her exercise suit. "I'm going to swim. Will you come with me?".slouch. Lorraine played dismally but she didn't seem to mind.. "You've heard of the long-period Martian seasonal theories? Well, part of it is more than a theory. The combination of the Martian polar inclination, the precessional cycle, and the eccentricity of the orbit produces seasons that are about twelve thousand years long. We're in the middle of winter, though we landed in the nominal 'summer/ It's been theorized that if there were any Martian life it would have adapted to these longer cycles. It hibernates in spores during the cold cycle, when the water and carbon dioxide freeze out at the poles, then comes out when enough ice melts to permit biological processes. We seem to have fooled these plants; they thought summer was here when the water vapor content went up around the camp..His first elation fizzled out and he was left with his usual flattened sense of personal inconsequence..artists..It reached its too-large hand up and caught hold of Detweiler's belt It pulled its bloated body up with the nimbleness of a monkey and crawled onto the boy's back.
