

THE MUTES MASQUERADE

"They sent me here. They said, "All the foreigners in one basket."" The stranger was in his thirties, with a blunt face and a pleasant look, dressed plain, though the cob that stood behind him was a good horse. "Put me up in the cow barn, mistress, it'll do fine. It's my horse needs a good bed; he's tired. I'll sleep in the barn and be off in the morning. Cows are a pleasure to sleep with on a cold night. I'll be glad to pay you, mistress, if two coppers would suit, and my name's Hawk." "It can do it by itself," Diamond said, and held out the fife away from his lips. His fingers danced on the stops, and the fife played a short jig. It hit several false notes and squealed on the last high note. "I haven't got it right yet," Diamond said, vexed and embarrassed..Thwil. His face was still round and a bit peachy, though the bones were..He had no thought of hiding or protecting himself. Luckily for him there were no guards about; there were few guards, and they were not on the alert, since the wizard's spells had kept the prison shut. The spells were gone, but the people in the tower did not know it, working on under the greater spell of hopelessness..appreciation. And he was, though he wouldn't have put it that way, afraid of wizards. A bit contemptuous of sorcerers, with their sleights and illusions and gibble-gabble, but afraid of wizards..Maharion died a few years after Erreth-Akbe, having seen no peace established, and much unrest and dissent

within his kingdom. It was widely said that since the Ring of Peace was lost there could be no true king of Earthsea. Mortally wounded in battle against the rebel lord Gehis of the Havens, Maharion spoke a prophecy: "He shall inherit my throne who has crossed the dark land living and come to the far shores of the day." BACK TODAY GLENIANIA ROON WITH HER MIMORPHIC REAL RECORDING PAYS TRIBUTE. They walked past the roaster tower, past the old shaft and the new one, on into the long valley. He stood there for a while, bewildered. It seemed to him that it was not by his own act or decision that he had taken his own form, but that in touching this ground, this hill, he had become himself. A magic greater than his own prevailed here. "I'll see you then," said Diamond, looking big and handsome and indifferent, and walked off. She was standing far back. An armchair unfolded itself to receive me. I hated that.

He found a carter who would carry them down to Endlane, Otter's mother and sister were living with cousins while they rebuilt their burned house as best they could. They welcomed him with disbelieving joy. Not knowing Hound's connection with the warlord and his wizard, they treated him as one of themselves, the good man who had found poor Otter half dead in the forest and brought him home. A wise man, said Otter's mother Rose, surely a wise man. Nothing was too good for such a man. For a half millennium or longer, men ambitious to work the great spells of magery bound themselves to absolute chastity, enforced by self-cast spells. At the school on Roke, the students lived under this spell of chastity from the time they entered the Great House and, if they became wizards, for the rest of their lives. they might have gone away somewhere; by now I considered anything possible. When he had done what he could to warn the city, and seen all the gate-guards and port-guards doing what they could to keep the few roads out from becoming choked and murderous with panicky people, Ogion shut himself into a room in the signal tower of the Port, locked the door, for everybody wanted him at once, and sent a sending to the Dark Pond in Semere's cow pasture up on the Mountain. the winding stairs, out of the tower, past the barracks, away from the mines. If Diamond had been born to that kind of power, if that was his gift, then all Golden's dreams and plans of training him in the business, and having him help in expanding the carting route to a regular trade with South Port, and buying up the chestnut forests above Reche -- all such plans dwindled into trifles. Might Diamond go (as his mother's uncle had gone) to the School of Wizards on Roke Island? Might he (as that uncle had done) gain glory for his family and dominion over lord and commoner, becoming a Mage in the Court of the Lords Regent in the Great Port of Havnor?
